

Advanced Solutions

a DXC Technology Company

Senior Financial Analyst N27

Why Choose Us?

Where will a career with Advanced Solutions take you? To the leading edge of information technology, working with industry partners from around the world. At Advanced Solutions you will work with outstanding people in a challenging and dynamic environment. We strive to provide you with the tools, the training, and the opportunity to take charge of your future and take advantage of change to maximize client service and work within a centre of excellence.

The Opportunity:

The Senior Financial Analyst is responsible for financial analysis and reporting of complex multi-million IT contracts delivering different line of services, technology, and products. An extensive variety of reports and analysis expected can be financial results, multi-layer related forecasts, budgets, capital investment and various performance metrics. In this role, the Analyst needs to ensure the integrity and reliability of the results by analyzing, challenging, recommending, and correcting the information received from operational directors or any other sources. The position provides expert professional accounting advice on a wide range of topics to senior management to enhance strategic decision-making. This role requires numerous complex analyses of financial data to identify areas of risk, courses of action to resolve problems, and for corporate reporting. The function requires a great deal of discipline, organization, and “autonomy” due to tight deadlines and constant changes and evolution of contracts and Corporate reporting requirements while ensuring quality and accuracy.

Who you are:

- Display a high level of effort, commitment, and mature judgment
- Maintain a professional and confidential manner at all times
- Trustworthy and responsible behavior
- Eagerness to learn and a willingness to accept feedback and direction
- Customer Focus
- Adhere to Advanced Solutions Core Values
 - Exemplify Professionalism: We uphold a respectful and respected workforce.
 - Embrace and Champion Change: We enthusiastically participate, collaborate, innovate, and welcome change.
 - Encourage and Take Initiative: We are an engaged and progressive workforce promoting personal and professional growth
 - Personify Integrity: We are reputable and productive which builds the foundation of our success

Application Requirements

Must Have

- Completion of a university degree in a related field (e.g., Commerce, Business Administration, Accounting), and a recognized professional accounting designation (e.g., CPA, CA, CGA or CMA), or an equivalent combination of education and experience.
- Minimum of 5 yrs. post designation financial experience at an intermediate/senior accounting level or equivalent combination of education/experience with a minimum of 10 yrs. financial experience at an intermediate/senior accounting level

- Financial reporting, preparation of ad hoc financial reports (e.g., balance sheets).
- Experience in the use of financial systems/applications (SAP preferred).
- Strong and extensive experience using complex spreadsheets and word processing software (e.g., Excel & Word) in a windows environment.
- Experience in forecasting and modelling.

To learn more about the Victoria Office, please visit the [VITP Information Site](#).

How to Apply:

Please ensure your application clearly identifies how you meet each of the stated qualifications, with particular emphasis on the education, training, and experience requirements. This information will be utilized in screening your application and determining whether you will be considered for the next stage of the recruitment process.

In your application/cover letter please indicate how you heard about ESIT Advanced Solutions (i.e., name of job boards, career fairs, word of mouth). Qualified candidates are invited to forward their cover letter and resume, noting the position title and where they saw the position advertised, to Competition@dxcas.com. This competition will remain open until filled.

An eligibility list may be created. Lesser qualified applicants may be under-implemented or appointed at a lower level.
